

COVID-19 Closure Report

This report is information reported to Child Care Licensing beginning March 12, 2020

The following two tables and chart indicate temporary closures of child care facilities due to the COVID-19 pandemic. Totals are data available by 9:00 AM each day. Providers can close voluntarily, as mandated by executive order, or as mandated by their local health department. These totals are a cumulative total of all cases.

Total Temporary Closures				
Total Providers	Total Closures	Total Reopened	Total Currently Closed	% Currently Closed
2,842	646	535	111	4%

Total Temporary Closures by Type				
Type	Total Providers	Total Closures	Total Reopened	% Currently Closed
Licensed Center	396	179	172	2%
Licensed Home	871	237	221	2%
Licensed Exempt Center	744	213	126	12%
Licensed Exempt Home	831	17	16	0.1%

The following table indicates child care facilities that, by provider choice, have permanently closed during COVID-19. Providers who were temporarily closed then chose to permanently close will be removed from the previous tables when added to the table below. Closures may or may not have been related to COVID-19.
